

Quick Start Guide for Dyad Force™ Tool - Quick Start Guide

Thank you for choosing the Dyad Force™ Tool. This product (Dyad Force™ Tool + Dyad Force™ App), works with compatible Android (8.0 and up) and iPhone (IOS 17.0 or later) devices. For support and complete user manual, visit <https://www.dyadforce.com/>

Getting Started

1. Turn On the Tool - Press and hold the center button on the Dyad Force™ Tool for 3 seconds to power it on. Tool ships with the power off, so you'll need to turn it on before use.
2. Download the App - Search for Dyad Force™ on the App Store or Google Play and install it on your device.
3. Setup the App - Open the app and follow the on-screen instructions. Ensure you grant all requested permissions for full functionality.
4. Add Your Tool - On the app's home screen, tap the '+ Tool' button to connect your Dyad Force™ Tool.
5. Voice Chat with Work Companion, Dyad™ - Tap the 'Play Chat' button on the home screen. To communicate with Dyad™, press the center button on the tool once, and interact through your phone's audio. For further guidance, refer to the "HOW TO" section in the app.

Warning and Safety

- **Warning:** contains CR2032 Lithium-ion Coin Battery, with a nominal voltage of 3 volts.
- Not suitable for children under 12 years due to small parts (choking hazard).
- Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate.
- Even used batteries may cause severe injury or death.
- Call a local poison control center for treatment information.
- Non-rechargeable batteries are not to be recharged.
- Do not force discharge, recharge, disassemble, heat above 185°F (85°C) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- Ensure the batteries are installed correctly according to polarity (+ and -).
- Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries.
- Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.
